

3040 Ground Cord

3040

- 4.5M 20 AWG PVC Wire
- Black molded ABS cover with Yellow ABS insert
- 1 megohm current limiting resistor on molded end
- Solderless ring terminal attached to the other end
- 1 spare ring terminal for shortening length
- Good for connecting mat directly to common point ground
- Use [3090](#) Snap Kit to attach cords to mat

3043 Straight Ground Cord

3043

- 1.5 Meter 20 AWG PVC Wire
- Black molded ABS cover with Yellow ABS insert
- 1 megohm current limiting resistor on one end
- Good for connecting mat directly to common point ground which has a female 10mm snap
- Use [3090](#) Snap Kit to attach cords to mat

3043S Straight Ground Cord

3043S

- 0.11 Meter 20 AWG PVC Wire
- Black molded ABS cover with Yellow ABS insert
- No current limiting resistor
- Good for connecting conductive mats together to ensure continuity
- Use [3090](#) Snap Kit to attach cords to mat

3090 Snap Kit

3090

- Matting 10mm female snap for 3040, 3043, and 3043S
- 3 each snaps and rivets
- Includes punch, riveting, and backing tool for ease of installation
